

Incllement Weather Policy

We have in the past followed the Fairfax County Schools directives, and we will continue this policy to a certain extent.

If Fairfax County Schools are cancelled, our classes are cancelled

If Fairfax County Schools are open two hours late the high school and middle school classes will generally start on time**

** There have been occasions when we have not followed this policy. In those cases a decision will be made by a member of the Administrative Committee and the teachers. Each family will receive an email early that morning informing them of the decision. It is the responsibility of every family to check their emails or contact Debbie Rieman (703.470.2563 cell).
